

Lunch & Learn

What today's CNC flat table router can do for you.

Wednesday, April 26, 2017
9:00 am – 2:30 pm

Learn about nesting manufacturing, **dowel construction vs blind dado**. What is the best solution for your shop. See what new innovations and solutions await you for 2017. Don't miss this opportunity to learn about **new products from Lockdowel**, and new materials that will be available for today's high demand market. Also find out about **screen to machine software** to get the most from your CNC. Least of all come down to network with other shops and get a better understanding of what is driving today's market.

Date: Wednesday, April 26, 2017

Time: 9:00 am – 2:30 pm

Location:

Fairfield Inn & Suites
by Marriott - Brooklyn
181 3rd Ave
Brooklyn, New York 11217
[Driving directions](#)
